Annual Meeting and Report to Membership

Brief Business Meeting - A Look to the Future

President's Report – Refuge Manager's Report

Captain Wayne Hasson

“President”, Oceans for Youth Foundation & Aggressor Fleet

Is our featured speaker

The above titles are only a small sample of the many pursuits of our featured speaker. Today his main focus is teaching scuba diving to youth and shooting underwater still and video footage for various media companies. He has worked with Zepher Film Productions, National Geographic Television, BBC Wildlife and Guy Harvey, “Portraits of the Deep”.

As a United States Marine, Wayne discovered the underwater world during off-duty passes scuba diving in Vietnam and NC. He helped design, build and captain the Cayman Aggressor starting in 1984. He is an instructor, motivator and business partner and is always searching for new exotic destinations. Wayne's greatest passion is sharing the ocean world with tomorrow's explorers – children. He serves on the Board of Directors for Sea of Change Foundation and Oceans for Youth Foundation. He is a Rotary member, underwater photographer and spends much of his time diving aboard Aggressor yachts. He and his wife and two children reside in Naples, Florida
